Parents / Guardians,

The progress report presented to you is a summary of your student's progress while on Home Instruction. We understand recently admitted students may lack sufficient attendance or class work, however, we choose to complete this informal progress report for every student on our register.

Your signature is requested to confirm the progress report has been communicated. You can discuss any questions about the report directly with your student's Home Instruction teacher. Please return this receipt to the instructor.

Thank You,

Home Instruction Schools
